

Mayfield Primary School

Mayfield Primary School Remote Learning

To be applied during the closure of a bubble/s or during a whole school closure.

THE SITUATION WHEN THIS APPLIES

In the event that your child's class bubble is unable to attend school, we have outlined below our latest, extensive daily learning package. This will be available for each of the bubble school closure days. This offer takes effect immediately but clearly will only ever happen should the affected bubble close within school.

IMPORTANT MESSAGES

- * It will not take place unless a bubble is directed to close.
- * It is not an offer for individual isolation (through choice or otherwise), it relates to bubble and whole school closures.
- * It will not be offered during INSET Days, Bank Holidays, School Holidays, Saturdays or Sundays.
- * It will be actively managed by the child's class teacher only between 8.45am and 3.15pm on the appropriate days.
- * Teachers will be unavailable between 12.00pm and 1.00pm on these days.
- * Individual pupil isolation is different to a bubble closure. If an individual has been directed to isolate or is required to isolate and is 'fit for school' the child's teacher will make contact as soon as possible and support some home learning activities. Keeping in touch as appropriate. This will be personalised to suit each situation and therefore cannot be a single uniform system.
- * Individual pupil isolation, which has not been directed or required by the government at the time of happening, does not form part of this offer as school is open and available for learning for that specific child.
- * All offers will commence on the first full day of a bubble/school closure. It will not appear if a bubble closes after 8.45am on a specific day.
- * An exercise book and pencil will be offered to each child. These should not return at the end of the isolation period. They are for home use only.
- * Any ICT related concern can be relayed to school using the APP or email to file a message. If we can solve the problem or assist we will. You may need to be patient with this. There will be limitations in what we can do. We will do our best to support you.
- * You should not phone school with remote learning queries during such bubble/school closures as the school office may be unable to accept or deal with calls. Please use the APP or email options. We cannot guarantee a response via phone in such times.
- * Use the contact below for Purple Mash login queries or issues.

THE REMOTE LEARNING OFFER

- * A timetable will be posted on Purple Mash and on the class website page by 8.45am each school day.
- * The timetable will consist of four sessions daily: English; Maths; Two other curriculum subjects.
- * Resources will be uploaded, in timetable order, onto Purple Mash.
- * Files will be named by subject and the school isolation day in line with the published timetable.
E.G. ENGLISH DAY ONE, MATHS DAY SEVEN, SCIENCE DAY THREE
- * Between 8.45am and 3.15pm you can contact your child's teacher directly using the Purple Mash blog to ask questions about any aspect of the work. The teacher's will reply via the blog as soon as possible (except 12.00pm – 1.00pm).
- * Completed learning can be uploaded or be seen on the Purple Mash system – meaning teachers will be monitoring progress, completion and marking throughout the day.
- * Teachers may offer feedback and encouragement when receiving completed work if this is deemed helpful and/or necessary.
- * Communication throughout the day (between school and home) is encouraged via the Purple Mash blog.
- * Teachers will record, ICT dependent, short 'helpful hints' related to lessons and/or activities as and when relevant and uploaded to purple mash.
- * Teachers will record short instructional films daily to assist learning that day.
- * The recordings will be positioned on Purple Mash next to the relevant activities/days and labelled in line with other files E.G. ENGLISH FILM DAY TWO.

RECORDED FILM ALONGSIDE LIVE BLOG FACILITIES IS AN IDEAL WAY TO REMAIN IN LEARNING CONTACT EACH DAY OF SCHOOL ISOLATION.

We are currently developing a further platform for telling the story of daily school life and for wider communication whilst families remain unable to have contact inside the building. As, and when, ready we will share this.

COMMITMENT TO REMOTE LEARNING IN OUR COMMUNITY

- Mayfield Primary School has decided to ensure that no child will miss the opportunity to maximise the remote learning offer in the event that their bubble or whole school should isolate/close.
- We have acted decisively and will make a laptop/iPad available to any child who lacks an appropriate device to access the above learning.
 - To do this we will be compiling a register of needs and requests in the coming days. This will be your opportunity to ask for a device if your bubble closes. We will register this request and, pending signature of a formal agreement, will distribute these out if/when your bubble closes/isolates.
 - We are currently sorting the relevant devices and we hope to be in a position to distribute enough if/when a bubble goes down. Connection to the internet is the responsibility of each family to connect the device to their own internet network – we may be able to support this but we require families to talk to us about their scenarios – we have limitations to what we can do.
 - The device will need to be returned on the first school day of the bubble reopening. The agreement that needs to be signed will outline full terms and conditions.
- Mayfield Primary School is proud to make this commitment to ensure that our desired remote learning is as accessible as possible to all members of our community. Please note supplies will not be endless – so please only request if necessary. Clearly there are always limits to any supply - so if a larger number of bubbles were to close, we may need to prioritise demand (but we are hopeful we have enough for everyone who needs a device).
