'Ready For The Future'

WEBSITE LINK

MAYFIELD TOGETHER MEETING & PARENT FORUM IS THIS THURSDAY 6TH FEBRUARY AT 6.00PM IN SCHOOL. PLEASE COME TO THE MAIN RECEPTION. ALL WELCOME.

A new year brings the chance for fresh ideas and calendar to build. Come along and be part of our social calendar of fund raising events. Setting some goals for our fund raising and meeting senior staff on a more social platform.

Also, there is the chance for a forum style Q&A where you can ask questions relating to school and education to the staff on the evening - including myself (Mr Denton).

PARENTS EVENING

WEDNESDAY 12TH FEBRUARY 3.20-6.30

NEW LIBRARY CONSTRUCTION PROGRESSING

The floor and all shelving is now in place in our new library space (situated at the top of the school gym/dining hall). We are aiming for full opening approaching Easter but things are shaping up well.

Mrs Duerden is busy selecting and sorting new titles for the space whilst Alan is busy making it look fabulous. We have reading ideas and initiatives ready to go when we launch the new space.

SUBJECT CHAMPIONS

Our new Subject Champions are now commencing their roles in school. Almost all subjects began meeting last week with History, French and Physical Education sitting down together for the first time in the days ahead.

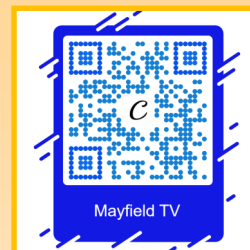

We have begun our new subject focused celebrations in our 2.30 assembly times with children receiving recognition now via their special subject achievements rather than just a broad school award. We have already celebrated Computing, Geography and Design & Technology with Physical Education coming next.

We have designed new awards for these and the Subject Champions assist in all decision making and presentations. It has been really good to hear children asking which subject is being celebrated next as one of the aims of this has been to raise the profile and awareness of each subject and its importance in the children's journey of progress.

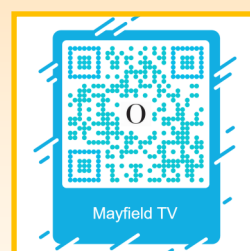

TEACHER VISITS

Mrs McFarlane, Mr Baer, Mr Taylor, Mrs Czarnecka, Mrs Rickwood and Miss Haythornthwaite have been supporting classes across school in their leadership subjects during this term. In our efforts to measure the impact and quality of our subject teaching, each subject leader has been working with their colleagues to implement their latest projects and studies. Giving additional ideas, options and expertise to add to the way in which we deliver our curriculum. It also allows for each subject leader to consider the impact of their subject for differing age groups and therefore supports our future planning. Your child may have noticed these additional visits and time with new faces. All part of our constant strive to develop and refine our curriculum and teaching for our learners.

This work will continue at various points through to Easter when we will sit down to consider our findings from the work and how this can aid our subsequent planning and resourcing for teaching and learning.
