MRS MILLER

As you will have seen in our playground, Mrs Miller has now returned home from her recent secondment Associate Headship. She has again worked hugely successfully to support a school in the region through a more challenging period and with this work now complete has headed back to us. We are delighted to have her back home full-time and she has already been busy resuming her previous duties and roles. Welcome back, we have missed you.

MAYFIELD, MAGIC BREAKFAST AND CADENT GAS COME TOGETHER FOR SAFETY INITIATIVE

We are happy to announce that in recent weeks we have been part of an important project between our existing partners at Magic Breakfast and new friends at Cadent Gas.

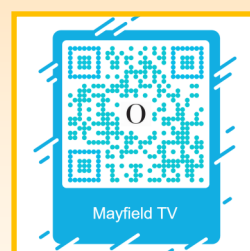

This has involved creating a free package offer of support, enabling families to become more fuel efficient, increase carbon monoxide (CO) safety, and access confidential support from trained debt and benefit advisors.

We have already provided many families and staff with free carbon monoxide monitor, as you may be aware Carbon Monoxide (CO) is a poisonous gas that you can't see, hear, smell or taste.

If you require any more information about this partnership and resources please contact Lisa Carlton at school: lcarlton@mayfield.lancs.sch.uk
